Thank you for your help Nina.

Stan from Hawks Beach came into the office today. Your name came up and he had good words to say. The Borough Mayor's office took an interest there finally. They contacted Charlie Brown's trustees and got something done. Charlie's house is almost completely gone. But the Coast Guard and DEC are evidently helping with a clean up. It took a while but the folks down there are finally get a response from someone.

Phil: I believe what you are seeking is a General Selection file, which is kept in a vault in DNR Realty Services, 10th floor Atwood. I don't think those files are readily viewable on the internet, you have to go to the file itself. The person in Realty Services to talk to is Forrest Weiant at 269-8585. However, Forrest is out until 10/29. If you need to get something sooner, I would call Ginger Gallus at 269-8586.

Hi Nina,
I sent this same note to Sue Magee. Help from either of you is appreciated.

Bob Loefer suggested that I call DNR to find what he called the "selection file" for Bristol Bay. He said it was the state's file that explained why lands in a particular area, Bristol Bay in this case, were selected. Can you help me find this file?

Phil
